Description	The WMSC inspector conducted a riding inspection of Train ID 101 from Rhode Island Avenue Station to Gallery Place. The purpose of the inspection was train operator (TO) rules compliance. On approach to Rhode Island Avenue Station, the TO entered and properly berthed at the 8-car marker. The TO was observed following all rules of SOP #40 (door operations). The TO was observed entering all stations at under 39mph and responded correctly to all over speed alarm conditions. The train operator performed all required train announcements.						Number of Defects		0		
							Recommended Finding?		No		
							Remedial Action Required?		No		
							Recommended Reinspection?		No		
Remedial Action											

¹ The rail transit agency must provide WMSC with the necessary evidence (e.g. maintenance work order system records, photos, documentation, records, data, or other evidence) to close out the Remedial Action. Closeout of Remedial Actions may also be subject to ongoing WMSC verification inspections to ensure corrections are sufficient and effective.
